

## “Rock the Tower” Fundraiser

With the record water levels in Lake Superior, Crisp Point Light Historical Society is again faced with the need to add additional rocks around the base of Crisp Point Lighthouse. These water levels may remain high for the next few years. The rocks around the tower and along the boardwalk are settling & need to be stabilized. This project is scheduled to start in 2021 (contractor’s availability and weather permitting), will cost approximately \$40,000, and will add another layer of stone directly around the lighthouse. All total, it will add an additional 300-350 tons of stone. Maintaining this protective base has become our highest priority in preserving Crisp Point. We are asking for your help to Rock the Tower! Our goal is to raise as much of the estimated project cost as possible so that we have funds remaining in our accounts to do a tower exterior restoration project again in the near future. Those who contribute at least \$75 will receive a limited-edition long sleeve t-shirt. Those who contribute at least \$150 will receive a limited-edition sweatshirt and those who contribute \$200 or more will receive both. Please allow at least a month for the delivery of your item(s). This fundraiser will end on 12/31/20. There are two ways to donate: 1.) Fill out the form completely & mail with your check, or 2.) Go online and visit <http://www.crisppointlighthouse.org/rockthetower.html> & donate using the PayPal system. (You can use a credit card.)
